Center for Civil Force Protection

***Project Description:***

The National Institute of Justice is funding Sandia National Laboratories (SNL) to maintain a Center for Civil Force Protection (CCFP). The Center provides physical security consulting support services to state and local law enforcement agencies, other organizations within State and local governments and private industry. SNL itself provides the bulk of the assistance, the longer-term strategy is to form relationships with other organizations to make available their complementary expertise through the CCFP as a “one-stop shop.” Requests for assistance are welcome at 1 - 888 - 577 - 4849.

---

***Status:***

This effort was initiated in January 2000. The CCFP is operational and rendering assistance to numerous agencies, such as the Juneau, AK, International Airport. NIJ used the Center’s expertise to develop a vulnerability assessment model for the nation’s chemical production infrastructure.
